

Financial year 2015-2016

In this financial year, same training program for the young members of the Small and Marginal Farm Families is being conducted by NSTIAM in same format.

Three batches of trainees (15 in each batch) completed training simultaneously according to the following illustration.

In this financial year also, Field / Application Training has been added apart from the Theory and Practical Classes. During Field/application time, the trainees are visiting to their own villages where they are trying to apply and implement the learning of during their training in their own field condition. Additionally they are provided with a stipend per month to mitigate the financial hardship that might be faced by his /her family during the training period.

In Practical /field orientation classes: Duration is of 30 days. During this time, the trainees may visit several fields related to agriculture and agricultural marketing for conducting practical oriented activities related to the field of Agricultural Marketing. In Application classes: Duration is of 30 days. During this time, the trainees will visit to their own villages where they will try to apply and implement the learning of during their training in their own field condition.
